Our Mission

Collège Garden City Collegiate strives to provide students with skills that will encourage responsible participation in society, and personal excellence in chosen endeavours. This philosophy of Participation and Excellence is the basis of our program, and each individual is encouraged to become active and strive for his/her personal best. We are a school community with an enrolment of approximately 1330 students and 106 staff members. Our recent extensive renovation project at the school has connected the former separate East and West buildings. It includes a beautiful naturally-lit Commons Area for students to study, eat lunch and socialize with their fellow students and staff. The new gymnasium and fitness facility are a great addition to our programming.

Study Programs:

- 1) Collège Garden City Collegiate, the Division's only dual track high school, offers programs in both French Immersion and English. Information and Technology Studies program,
- 2) The Cooperative Vocational Education Program is an excellent way to explore a career, not just a job. Twelve trades are offered, each one linked to Post Secondary Education, and Nationally and Provincially recognized. You can complete grade 12 and get the first year of your trade certification all in the same year! Modern classrooms and project areas, spacious, well-equipped science labs, advanced information technology program, resource centre, infant lab, football field, track.
- 3) Athletics - Hockey, Badminton, Basketball, Cross-Country, Water Polo, Football, Soccer, Track and Field, Volleyball.
- 4) Clubs - Dragon Boat, Drama Production, Dance, Yearbook, Grad Committee, Intra Mural, Peer tutoring, Homework club, Gopher Space.
