Our Mission

Maples Collegiate is a thriving, multicultural community with approximately 1350 students attending grade 9 to 12. As one of the larger schools in Manitoba, Maples is able to offer a variety of courses and programs to meet the wide-ranging needs of our students. Students working toward their high school graduation can choose either a traditional academic route or explore vocational and alternative options. Maples proudly offers a variety of extra-curricular activities where students can develop skills and friendships beyond the regular school day. Our performing choral groups, concert bands and jazz bands are open to students of all grade levels. These groups perform throughout the year for our school community and participate in music festivals in and outside of Manitoba. As well, we have a vibrant drama and theatre program that provides students with opportunities to explore the craft of acting and participate in performances every year.

Study Programs:

- 1) Maples Collegiate Music Education Programs are of the highest quality, Senior Music Trip every second year to another province, In Province Music Festivals
- 2)The Cooperative Vocational Education Program is an excellent way to explore a career, not just a job. Twelve trades are offered, each one linked to Post Secondary Education, and Nationally and Provincially recognized. You can complete grade 12 and get the first year of your trade certification.
- 3) Athletics - Basketball, Badminton, Cross-Country, Cricket, Football, , Soccer, Track and Field, Volleyball Weight Training, Floor Hockey, Golf.
- 4) Clubs - Drama Production, Dance, Yearbook, Grad Committee, Intra Murals, Student Council,High Altitude Balloon Club, Many more!!
