

Develop your Personal & Professional skills!

Learn in English the art of speaking in public, presentation, communication and body language, and other social skills, to maximise your potential in your student and professional life.

- **Understand theoretical concepts to easily and purposely apply them**
- **Interactive, practical and fun!**
- **For anyone – whether you are shy or not!**

This intensive programme will help everyone, students and professionals. You will learn:

Interpersonal Communication - how to better communicate with people: How to engage with people, how to listen, how to use emotions to create an impact, how to deal with the different types of people, how to be liked and more.

Body Language communication and communicating with different cultures: Master unconscious and instinctive non-verbal communication, read and react positively to signals from others, increase awareness of body language amongst different cultures and more.

Presentation Skills - How to be a good public speaker: The art of story telling, prepare yourself physically to speak in public, body language, how to use your voice, using humor, the audience attention span and how to keep people's interest, how to structure a presentation and more.

Dates: 3rd to 7th July 2023 or 31st July to 4th August 2023
(15 hours in the afternoons)

The Programme includes:

- Afternoon classes with a professional trainer
- Teaching material and presentation equipment (students will have to bring their laptops for their practice presentations)

Conditions: minimum English level: B1 and students must be enrolled in one of our morning English classes (General or Exam)

Please check our year-round price list for options on courses, accommodation and other services.
